Saturday Morning Fire Razes W. Guilford Store

One of the worst fires for some time in this village was on Saturday when Hellem's river side store burned to the ground.

Mrs. Hellem's was in the kitchen. When upon hearing a noise she opened the door to the back shed and was met by dense smoke.

Mrs. Hellem's ran upstairs where her daughter and son-in-law and two children, Mr. and Mrs. Garry Welch, Nan-

cy, eight, Douglas, three, and son Billy were sleeping.

Haliburton fire department were called in and managed to save the home of Mr. and Mrs. Welch directly behind the store.

Damage was extensive and although there was some insurance, it will not cover the loss.

At last report Mrs. Hellem's intends rebuilding on the old foundation.

Miss E. Janet Walling

daughter of Mr. and Mrs. Lester Walling, receives her B.H.Sc. degree from Macdonald College, Guelph. She is with the O.W.R.C. laboratories for the summer months.

Big 3-Ring Tent Circus Coming To Haliburton

Mr. Jack Turner, special agent for the Carson and Barnes big three ring wild animal circus was in Haliburton recently to complete the arrangements for the circus to show here on Monday, July 24.

The Carson and Barnes name is one of the oldest and most honored in the circus business and the representative reported in a visit to the Echo office the show this year is right abreast of the times with the most elaborate features and equipment that it has ever carried. One of the many features will be the personal appearance of Col. Tim McCoy, the famed TV and western movie star and his congress of cowboys and Indians. In addition to the many performing animals which includes elephants, bears, lions, monkeys, llamas, camels, beautiful matched Liberty and high school horses and darling trained Shetland ponies.

The Carson and Barnes Circus boasts a huge menagerie which includes lots of jungle animals that are ordinarily seen in only the larger zoos.

In addition the show carries a well balanced assortment of trapeze, tight wire, jugglers, tumblers, clowns and aerial acts all competing in a well rounded performance that is guaranteed to entertain children of all ages.

There will be two shows daily, 2 and 8 p.m.

The circus will be sponsored by the Rotary club which will conduct a sale of advance tickets.

Will all our friends of the "Army" who have not made their donation kindly do so as soon as possible so that the campaign may be finalized. Thank you. These will be gratefully accepted at the following places: Bank of Montreal, Haliburton; Pritchard's Electric, Minden; Agnew's Red and White, Wilberforce.

Capt. W. Kerr joins the Red Shield committee in expressing gratitude on behalf of the Salvation Army to all those members of the Rotary club, Haliburton; the Kinsmen club, Minden; the Canadian Legion, branch 129; who so gratefully gave of their time to canvass for the Red Shield appeal.

A word of thank you also to all who have responded to the appeal. "You are sharing in a very practical way in our work," stated the captain, "and we pray God's blessing upon you."

Welcome

We wish to welcome to the village of Haliburton two new citizens in the persons of Mr. and Mrs. W. J. Mackay, who on Tuesday assumed ownership of the jewelry business formerly owned and operated by Coyle Downer.

Mr. and Mrs. Mackay come here from Thelmsford which is situated near London. They are greatly impressed with this area and are hoping to operate a successful business here.

It has been our pleasure to meet these fine new citizens and we think that they will soon make friends here and will do well in their new enterprise.

A great many of us are sorry that Mr. Downer's health has been such that he has been forced to dispose of his business. However, as he still owns property here he and Mrs. Downer, we trust, will visit their old friends from time to time, whenever the opportunity affords.

MINDEN DRAW WINNERS

In a recent draw held by the Minden ladies curling club, Mr. Eric Dunsford of the Bank of Commerce staff won the Mary Maxim sweater. The winner of the electric clock drawn at the IGA was Mrs. Gladys Wruth and Mrs. Dennis Trepanier won the draw at the Red & White.

Letters To Editor

Dear Sir:
The power and influence of sports on the national and international scene from time to time needs an evaluation based on the aims and purposes of those of us operating through our provincial high school athletic organizations.

It goes without question that good or poor attitudes toward the much desired sacrifices in athletics are instilled while the athlete is in his grade school or high school days. Impressions formed during these youthful years go far toward determining the ultimate viewpoint an athlete will have toward the rights and wrongs of the sports participant.

Sporting events on television and radio which resort to sponsorship by the tobacco and beer industries in effect are defeating the objectives set forth by the high school physical education instructor. It is inconceivable that the relationship

Redstone Bridge Suit Settled

The Redstone brook bridge which has been more or less a headache to the council of Dysart et al for three years was finally settled on Friday when Mr. Hugh Griffin was awarded damages to the extent of \$150 and his son Noel \$50 for compensation to their property caused by construction of the bridge.

If ever a council had a headache Dysart council certainly had in building this bridge. It was just one succession of trouble from June 1959 to last week when the final chapter was written.

The 1959 council awarded a contract to a Sudbury firm the price being approximately \$16,000. The contractors seemed to get in one jam after another and finally threatened to sue the municipality for \$6,000.

The 1959 council handed them a gift of \$1,250 in excess of the contract price

and shortly after this it was learned that the firm was bankrupt.

A local contracting firm was called in to finish the job. During this stage Hugh and Noel Griffin instituted legal proceedings against council for a sum in excess of \$4,000 and a lengthy legal battle ensued.

However the bridge has finally been completed and it is a splendid looking piece of construction and council are breathing easier now that their legal troubles are over.

If every bridge constructed in the municipality is going to cause the trouble encountered in the construction of the Redstone brook bridge, council will not be very enthusiastic in undertaking such projects in the future and who can blame them.

Student Council Elected

The following are the results of the students' council elections held at the Haliburton County District High School this week.

Betty Barnum, Judy Carroll, Brian Good, Sylvia Gilroy, Ron Russell, Larry Mintz, Foster Loucks.

They are elected to represent the students for the year 1961-62.

In the near future they will be taking their places as officers of the council.

Christopher Carroll was elected as junior director for grades nine and 10.

HALIBURTON NEWS LETTER . . .

Well, the month of May has passed on and as far as we in this area are concerned there will be few mourners at the funeral. It was for the most part a wet cold month. One day the temperature reached 81 degrees but other than that mid-day temperatures failed to go far above the 50's. On Monday morning last the mercury fell to 29 degrees.

Mr. Phurness Watt, who has been employed by Boice Motor Sales has accepted a position as salesman for National Grocers. We join his friends in wishing him every

success in his new occupation.

Austin's IGA re-opened its doors to the public this morning after being closed since Saturday last. For some time now an extensive remodeling program has been underway. This store is now one of the most attractive food stores in the Highlands. The new alterations will make more room for the customers and assist the staff in providing speedier service.

Thousands of dollars have been expended during the last three years by businessmen on the main street and we feel sure that if the day

ever comes when we are assured of sewage there will be others that are prepared to improve their premises.

Our new radio station, CBLV, one of the new power relay transmitters, started broadcasting on Tuesday. The station was scheduled to go on the air at 8 a.m. but owing to technical difficulties it was later in the day before it could be heard without interference. The majority of our residents seem well satisfied with the kind of radio reception the new station is providing.

THE MINDEN STORY
Chapter 11

In addition to the regular exhibitors, the Minden fair interested all sorts and conditions of men. Certainly it would have attracted any itinerant salesman operating in the area in the days when peddlers of clothing, trinkets and notions fulfilled a real need in outlying areas where the nearest store might be 20 miles away.

Some of these traders purchased horse hair and other farm commodities or exchanged them for their wares if no cash was available.

Many an older resident will remember purchasing from the stock of Johnny Black or the versatile Reuben G. Haight, "the farmer's friend and licensed peddler. Dry goods, tinned tobaccos, groceries and tin ware. Horse and cattle spice etc." according to an add in the Minden Echo of February 9, 1894. Reuben Haight was also an agent for John Watson, Lindsay dealer in second hand furniture, old iron, copper, etc.

Those traveling hawkers who made their way through the highways and by-ways of the frontier on foot or by horse had to have a real talent for selling for their customers for the most part had little cash and were loth to part with it.

A vendor had to talk twice as fast with double persistence to make a sale and some of the techniques they used were worthy of today's big business hucksters. Then as now the products which they dealt in did not always live up to the claims made for them. Witness the year one wily dealer specialized in guar-

anteed bug proof seed potatoes!

In the days before effective insecticides provided protection against ravaging insects, many back breaking hours had to be spent each summer by the farmer and his family laboriously picking potato beetles, one by one, from the leaves of the maturing plant, and dropping them in a can of kerosene. To be freed from this distasteful occupation seemed worth the higher price so the hard headed farmers eagerly purchased the peddler's guaranteed potato seed.

Like so many miracles salesman promise, this one failed to materialize and potato bugs appeared on the bug-proof potatoes quite as early as on the ordinary plants. Infuriated at the deception, one of the farmers who had been taken for a ride, swallowed his anger until the brazen huckster who had called as usual on his rounds, was just about to depart. Then he asked what had gone wrong with the guaranteed bug-proof seed potatoes. With a smile the peddler craftily replied "There weren't any bugs on them when I sold them to you, were there?"

Thomas Chandler Haliburton's famous Yankee pitchman "Sam Slick of Slickville" might have taken lessons from the vendors of his namesake county.

Fads in patent medicines for humans and veterinarian supplies flourished on the frontier. Almost any old copy of the Echo is heavily larded with glowing promises for the powers of everything from liver pills to "Royal Purple Stock Food" which some agriculturalists swore by. Another school of thought rejected the curry heavy, pungent Royal Purple brand in favor of "In-

ternational Stock Food" cattle spice.

Among the farmers who specialized in well bred livestock was Mr. Fred Mooney who also played a leading role in local politics, serving at various times as reeve, warden of the county and county registrar. His farm on the Gelert road near South Lkæ boasted first quality cattle and horses.

In the early days, cattle buyers like Mr. Alfred Stevens and his father of Gelert, covered most of the Minden farms buying livestock to make up a freight car of beef for shipment south. Their purchases were herded together in the fenced hotel yard at Minden while they recruited a group of energetic school boys to drive the cattle to Gelert. Anyone familiar with the behaviour of cattle knows that when animals from a dozen different farms are thrown suddenly together for the first time without opportunity to develop a herd instinct, they can be about the most contrary creatures in creation. By the time the boys and their bovine charges reached Gelert, the human half of the drive had more than earned their 25 cent (a fortune in those days) fee.

Another original family whose interests were principally agricultural was that of Thomas and Anne Hobden who exchanged a home in Brighton, Sussex, in the very garden district of southern England for the trials and tribulations of early life in Minden township. At their first land holding in Cobourg, a daughter Elizabeth who later married Joseph Pritchard of Cavan Blazer fame, was born on May 13, 1858. Another daughter Emma, later the wife of William G. Archer, was only

three months old when her parents set out in 1862 in an ox cart to follow the old Bobcaygeon road north. Their destination was the farm now owned by Harold McCracken and his brother who are descendants of another of Minden's pioneer families. The first log cabin which Thomas Hobden built with his own hands of pine timbers however, was destroyed by fire many years ago.

Mrs. James Graham of Minden, a granddaughter of Thomas and Anne Hobden, has a fine photograph of Thomas Hobden standing beside his first home wearing the high leather boots favored by English farmers and the low crowned, wide brimmed felt hat of the country squire. A second picture of the whole Hobden taken in the 1870's is grouped before their home. Both are first class examples of the frontier photographer's art.

An older son, Harry Hobden, born in Brighton in 1855, took up land in Minden township with his wife Anne Jane Scott near the mill site north of the village. Harry Hobden's interest in thoroughbred horses made him a member of the agricultural society in 1890.

For 15 years before his resignation due to advanced age in 1928, he was director president of the Minden fair where his matched team of show horses was an annual attraction. In addition, he served 20 years on the township council, acting as reeve for 10 years. An old clipping notes that Harry Hobden was a constant reader of the Minden Echo from its first edition until the week he died.

His passing robbed the Minden fair of one of its outstanding exhibitors.

In Memoriam

Alton—In loving memory of a darling son and brother, Stephan Wayne, who passed away suddenly June 1, 1958: When weary with my labor, I seat myself to rest, I close my eyes to ponder, On the picture I love best. 'Tis deep in memory's casket And I scan it o'er and o'er, 'Tis the picture of our Stevie Standing at our door. God called him without warning.

Our farewell was never said, But what a glorious morning When we say hello instead. When I am sad and lonely And everything goes wrong, I seem to hear him whisper, Cheer up and carry on. Each time I see his photo, He seems to smile and say, Don't cry, I'm only sleeping. We'll meet again some day. He would not wish for sorrow, He would not wish for tears.

But just to be remembered Throughout the passing years, An angel wrote in a book of gold The date of Stevie's birth, Gently closed that book and said,

Too good to live on earth. But God in goodness helps me To bear my bitter cross, For He is the only one who knows

How heavy is our loss. As angels keep their watch up there, Please God, just let him know

That we down here do not forget We loved and miss him so. Looking back in memory Upon the path we trod, We bless the years we had with him

And leave the rest to God. Rest in peace, dear Stevie, In that heavenly home above, With the Sacred Heart of Jesus

In his own eternal love. —Loved and remembered every day by mom, dad, sisters and brother.

Every household in Canada is being sent a list of questions the Census Taker will ask. Please study it and be prepared to answer all the questions or leave the answers with someone who will be at home when the Census Taker calls.

What will you be asked? Questions such as: what is your age and schooling; are you employed and what is your exact job title; how many hours do you usually work each week; in how many weeks did you work for wages or salary in the last 12 months; what were your earnings in the last 12 months?

All information is kept strictly confidential and by law is not available to any private organization or person, or any government department or agency other than the Dominion Bureau of Statistics. The Census is interested only in totals accumulated for all parts of Canada.

Cedric Fairfield
Cedric Fairfield, last remaining member of the large family of the late Jas. Fairfield and Mary Steele of United Empire Loyalist descent, passed peacefully away at his home, Maple Lake, in his 75th year on Saturday, May 6, 1961.

He was born October 30, 1889 on the Fairfield homestead overlooking Mountain Lake and spent his early life in the lumbering industry.

Of a straight forward and kindly disposition, he made many friends.

He married Violet Edith McPhail in St. Peter's church Stanhope on August 22, 1917.

Moving to Verulam township in 1934 he farmed successfully until failing health forced him to retire in 1957.

Residing for several years in Lindsay, he commenced building a home at Maple Lake where he and his wife settled in 1959.

The funeral service, conducted by his pastor, Rev. D. W. Staples, was held in Maple Lake United Church on Tuesday, May 9 and interment was made in the cemetery adjoining the church.

Cedric Fairfield is survived by his wife and son James of Lindsay, two grandchildren, Linell and David, and two foster children Arthur and Barbara Ann.

The pallbearers were nephews, Wilfred and Bruce Fairfield, Frank Waters, John Johnson, Harley Fader, and Christie Cowen.

Till the day dawns and the shadows flee away.

Public Property

DURING the small hours of Saturday morning, May 19, some industrious souls of this community pulled down some "U" signs that had been erected in the village of Haliburton.

A great many of our car drivers are against the erection of these signs but they were not put there without much consideration and those responsible for their presence had in mind the safety of the driving public.

New signs will have to be erected and the poor old taxpayer will have to foot the bill. We hope the day will come when more severe penalties will be handed to those who do nothing all day and then have time to prowl around after midnight destroying public property.

Some years ago the CNR donated some benches that could be placed along the

street where anyone that wished to, could sit down and rest. These were greatly appreciated, especially by many of our old folk. However one evening a gang of rowdies smashed these benches beyond repair and they have not been replaced. It is not only public property this riff-raff destroy, only a few years ago the Legion erected a fence around the memorial park and just look at it now.

Such acts of vandalism are inexcusable and it is just too bad that the culprits cannot be brought to justice and made to pay for the damage they have caused.

"Waste not, want not" should be drummed into the ears of our up and coming citizens in order that Canadians will not be dubbed the most wasteful and destructive citizens on the globe.

Treat Census Takers With Courtesy

ON JUNE 1 throughout this great dominion, thousands of census takers will be knocking on your door. They will not be after a donation—rather they will be seeking information.

All the ladies and gentlemen who will be calling on you have undergone training for this task. In all probability you will know them but just in case you don't, receive whoever calls on you with courtesy. Through your co-operation in this matter

everyone will benefit when you help Canada count.

Every household in Canada has been sent a list of questions enabling you to prepare the information required in advance.

We feel that it will be a matter of great interest to all to note, for instance, the growth or decrease in population in the different areas in our county in order to ascertain such the co-operation of all is an absolute necessity.

WEST GUILFORD

The recreation club had a variety night at the school on Thursday evening when pupils of the school put on some fine acting, singing and dancing, the concert part lasting for over an hour.

Mr. Prentice drew the lucky ticket for the rod and reel that had been raffled off and Mr. Peter Murray of Huntsville was the holder of the lucky draw.

Candy popcorn and soft drinks were sold and we understand the ladies took in over \$80 for their club.

Mr. Gordon Mintz of the water safety program was there and showed pictures of life saving and splendid pictures on swimming including our own swimming class in Pine Lake.

Mr. Alfred McColl, Carmen Peters of Eagle Lake and Murray Scott ably supplied some splendid music at intermission periods.

The evening closed by singing "God Save the Queen."

Mr. and Mrs. Tom Barry and son spent the week end with their parents, Mr. and Mrs. Jack Barry.

Mr. Kion, blind evangelist from Orillia, was guest speaker at the gospel chapel.

Mr. and Mrs. Allan Madill and son Murray visited their daughter and sister, Mr. and Mrs. Mac Prentice and girls for Sunday dinner.

DONALD

Mrs. William Emmerson was a business visitor to Peterboro on Tuesday last.

We were sorry to hear Miss Debbie Bates was confined for two days last week in the Ross Memorial Hospital, Lindsay. Debbie is home again, and we are pleased to learn she is much better and has returned to school.

On Thursday evening a stork shower was given to Mrs. John Johnson at the home of her sister in law, Mrs. Harley Fader with around 30 ladies attending. The gifts were numerous and beautiful. Games were played and afterwards a delicious lunch was served.

Mr. and Mrs. J. A. Emmerson and Mr. and Mrs. Cecil Harrison attended the funeral of the late Mr. Archie Robertson on Friday, May 26. Burial was in Ingoldsby cemetery.

Mrs. B. White is staying with her daughter, Mrs. Chapman of Toronto.

We are glad to see Mr. Alec Bermic back on the job again after a bout of pneumonia.

John Deterling visited Guelph Agricultural College last Thursday. John also visited Niagara Falls on Saturday.

of tobacco and alcohol can have anything but a detrimental effect on the high school athlete.

Furthermore, the pre-high school boy who is at the most impressionable stage of his development will be more difficult to convince of the necessary training habits and sacrifices which are an intricate part of truly being an athlete.

It appears that unless an effort is made to show cause why such commercials advertising beer or showing players in uniform advocating a cigarette should be eliminated, high school athletic programs will suffer. Certainly there are many industries which would welcome the opportunity to advertise through the medium of athletic events and which would not have such an adverse effect on our prospective citizens—the pre-high school and the high school athlete.

There are some who would strongly contend that such suggestive advertising contributes to juvenile delinquency. However, most certain of all is the fact that the high school athletic instructor is fighting a difficult battle when such highly publicized and so widely viewed sports spectacles feature endorsement by an athlete of a product contradictory to good training habits.

This letter is being written with the possibility that someone, somewhere, somehow might foresee the implications and take the necessary steps to help protect the ideals of athletics.

If there is any truth in the concept that sacrifices and healthful training habits are an important phase of a boy's gaining maturity as well as his becoming a good athlete then the responsible agencies are the focal point of the possibility of correcting present practices.

Yours truly,
G. W. Harland,
Haliburton.
